360 DEGREES

Our 360 Degrees Story

We first opened our doors to offer a unique upscale casual dining experience in 2013, Nairobi, Kenya. At 360 Degrees Pizza, we pay homage to Vera Pizza Napolitano traditions. From Naples to East Africa, our unique identity comes from a special Stefano Ferrara hand-crafted, wood-fired oven, which bakes pizzas above 360 Degrees Celsius. Our great quality pizzas with a thin, leopard spotted crust and blistered cornicione use only authentic ingredients; '00' Caputo Flour and San Marzano tomatoes imported straight from Italy.

Artistically combined with locally sourced fresh and natural toppings we bring to you an authentic taste of Italy in Africa. Our wines predominantly come from the greatest vines of Southern Italy and the best regions globally, giving you a wide selection for your preferred taste. At 360, our wine philosophy is simple: Great Pizza deserves Great Wine.

Enjoy the 360 Degrees experience.
